

The fine line between price and performance.

Greatness doesn't guarantee an unlimited budget.

That's why we've engineered Flo® to give you the quality you expect from Sappi paper at a price that makes it hard to resist. Flo's superior color balance helps your brand look its best under a variety of lighting conditions. And because Flo is a great match to most standard proofing media, what you see before you print is what you get in the final product. With Flo, you get an exceptional experience that fits within your cost structure.

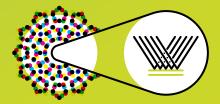

Celebrated for so much more than price

Sappi is chosen for our quality ingredients, environmental responsibility, reliable on-press performance, and attention to the smallest of details. Flo brings you dynamic features at a practical price so you can meet the demands of your brand and your budget.

A natural beauty

Flo's superior print surface, balanced shade, and optimized brightness provide accurate color reproduction while enhancing vibrant, fully saturated colors. With Flo, skin tones look natural, images are true, and critical colors are spot-on—reflecting beautifully on your brand.

What you saw is what you'll see

Flo is engineered for consistency—both in surface uniformity and for optimal printed color stability. It's the printer's choice for accurately matching color proofs and ensuring that what you saw on press is what you'll see in the final piece. Your printed color becomes more predictable in any environment—whether on press, in the office, or outside in natural lighting conditions.

¹ CIE L*a*b* values are approximate and in conformance with ISO 13655:2017. Data are specified according to the measurement condition M0, measured using an X-Rite eXact, configured to D50, 2° Standard Observer, 45/0 measurement geometry, with white (self) backing. Values may vary significantly when measured with different instruments. Average CIE L*a*b* data are presented for relative paper shade comparisons—not as product specifications. Paper white values specified according to the measurement condition M1 are available upon request.

² Guaranteed to meet US Postal Service 7-point minimum business-reply requirements.

³ Guaranteed to meet US Postal Service 9-point minimum business-reply requirements.

⁴ Matte Reply Card.

⁵ Meets SIMRA/NASTA specifications.

⁶ For PPI information, please contact your local Sappi sales representative.

The Fine Line of Sappi Papers

Our products

We engineer McCoy, Spectro, Opus, Somerset, Flo, Galerie, and EuroArt Plus to meet specific user needs, but there are several attr butes you'll get from every piece of Sappi paper:

- Superior quality
- High-grade fiber
- Smooth printing surface
- Consistent press performance
- Dependability in the toughest printing environments
- Superior ink hold-out for full color intensity
- Uniform color reproduction
- Side-to-side consistency
- Tight variability tolerances
- Manufactured in the USA (McCoy, Spectro, Opus, Somerset, and Flo)

Sustainability

When you commit to a print campaign, you should be confident in your paper company's approach to sustainability. That's why we take a holistic view of our environmental responsibilities—from harvest through manufacturing, distribution, end use, and disposal. From beginning to end, we infuse environmental and social responsibility into our paper, processes, and people, in order to give you one less thing to worry about. Flo's product features include:

- 10% recycled fiber in all Flo sheet products (web available upon request)
- SFI Certified Sourcing
- FSC®, SFI®, or PEFC Chain-of-Custody (CoC) certified available upon request
- Lacey Act compliant
- SmartWay® Transport Partner

Pioneering research and innovation

At Sappi, our passion for paper can be traced back over 165 years and is what guides us today. Our history of industry firsts includes the first paper coated and calendered on two sides, the first dull-coated paper, and the first mill-branded paper. Our innovative spirit is also demonstrated in initiatives like *Sappi etc.* and *Ideas that Matter*, which provide thought leadership for the entire paper industry.

Best-in-class service

We go way beyond technical specifications to help you choose the right paper for your brand and campaign needs. And once you're on press, our trusted printer technical support team stands ready to make sure your project turns out just right.
