

Excellence, defined.

Premium Sheets

by Sappi

Born in the USA and optimized for exceptional performance, McCoy and Opus sheets are produced with the tightest tolerances for unrivaled consistency.

Seeking the best? After 20 years, McCoy remains the whitest sheet in the market, with a shade designed to allow printers to maintain better color balance, especially in warmer images such as light skin tones and pastel tints. McCoy is created with the highest quality materials for a superior surface and ability to reflect an expanded range of light. It's one-of-a-kind Silk finish provides a luxurious experience people love holding in their hands. Striking the perfect balance, Opus allows for a full, balanced gamut of light—delivering crisp, intense color and a vibrant pop across an extended range of weights and finishes.

Do you have a unique application? Contact us at 1.877.SappiHelp

Thinking big?

Our premium sheets are available for major-scale brand story impact with our new large format—up to 72" in width and 144" in length.

Need it fast?

McCoy and Opus Sheets are now ready to ship Pretty Darn Quick (PDQ) in just three days.

Sustainability

We recognize that there isn't a one-size-fits-all approach to paper recycling. For creating the best printing paper possible, it turns out that processing high levels of recycled fibers requires more energy, water and chemicals to remove ink and other contaminants and is better suited for products such as tissue and egg cartons, which can tolerate some cosmetic flaws.

Lowest CO₂ Emissions

Our focus on sustainability and environmental responsibility permeates everything we do. We are proud to lead in the use of renewable energy and to have the lowest CO₂ emissions among our competitors.

A Holistic View on Sustainability

From beginning to end, we infuse environmental and social responsibility into our paper, processes and people in order to give you one less thing to worry about. Our commitment to sustainability and the environment is evident in ways large and small:

- Forest Stewardship Council® (FSC-C014955) program and the Sustainable Forestry Initiative® (SFI) program
- Lacey Act compliant
- Certified SmartWay Transport partner
- Our sheet brands contain 10% recycled fiber
- Proud sponsor of The Recycling Partnership
