

Binari
Platform

The fine line between reliable and remarkable.

**When you need a dream on the surface
and dependability on press.**

EuroArt Plus® is a smart choice for impressive performance. Engineered to provide exceptional on-press efficiency and reliable runnability, it has the brightness, shade and ultrasmooth surface to ensure that color pops right off the page and delivers an incredible visual experience.

Postal guaranteed

EuroArt Plus 7pt- and 9pt-guaranteed calipers on covers are ideal for printing direct mail pieces and brochures that make a big impact while remaining cost-effective.

Style that excites

EuroArt Plus presents a sophisticated blue-white shade and high brightness. This print surface facilitates phenomenal image fidelity and superior color vibrancy that get messaging noticed.

A workhorse with versatility

EuroArt Plus, which features fast ink-drying times and outstanding folding performance, is HP Indigo certified and suitable for many other dry-toner digital printing presses. It's FSC certified and available in gloss and silk finishes to meet the needs of any job.

¹ CIE L*a*b* values are approximate and in conformance with ISO 13655:2017. Data are specified according to the measurement condition M0, measured using an X-Rite eXact, configured to D50, 2° Standard Observer, 45/0 measurement geometry, with white (self) backing. Values may vary significantly when measured with different instruments. Average CIE L*a*b* data are presented for relative paper shade comparisons—not as product specifications. Paper white values specified according to the measurement condition M1 are available upon request.

² Guaranteed to meet US Postal Service 7-point minimum business-reply requirements.

³ Guaranteed to meet US Postal Service 9-point minimum business-reply requirements.

All values listed are approximate and subject to change. Please visit sappi.com for the most up-to-date product specifications and available certifications.

Please recycle

Using a recycle logo reminds consumers that recycling paper is an easy way to reduce their environmental impact across the lifecycle of printed materials.

Need inspiration? We have created a library of unique and fun recycling logos, free for anyone to use.

To download high-res versions, visit us at sappi.com/recycling-logo-library.

The Fine Line of Sappi Papers

Our products

We engineer McCoy, Spectro, Opus, Somerset, Flo, Galerie and EuroArt Plus to meet specific user needs, but there are several attributes you'll get from every piece of Sappi paper:

- Superior quality
- High-grade fiber
- Smooth printing surface
- Consistent press performance
- Dependability in the toughest printing environments
- Superior ink hold-out for full color intensity
- Uniform color reproduction
- Side-to-side consistency
- Tight variability tolerances

Pioneering research and innovation

At Sappi, our passion for paper can be traced back over 165 years and is what guides us today. Our history of industry firsts includes the first paper coated and calendered on two sides, the first dull-coated paper and the first mill-branded paper. Our innovative spirit is also demonstrated in initiatives like *Sappi etc.* and *Ideas that Matter*, which provide thought leadership for the entire paper industry.

Sustainability

When you commit to a print campaign, you should be confident in your paper company's approach to sustainability. That's why we take a holistic view of our environmental responsibilities—from harvest through manufacturing, distribution, end use and disposal. From beginning to end, we infuse environmental and social responsibility into our paper, processes and people, in order to give you one less thing to worry about. EuroArt Plus's product features include:

- FSC® Chain-of-Custody certified
- PEFC™ Chain-of-Custody certified available upon request, pending availability of credits

Best-in-class service

We go way beyond technical specifications to help you choose the right paper for your brand and campaign needs. And once you're on press, our trusted printer technical support team stands ready to make sure your project turns out just right.
