Dear Mr Secretary/General

I would like to re-affirm Sappi's commitment to the Ten Principles of the United Nations Global Compact (UNGC) and to the Communication on Progress process.

Sappi has been a signatory to the UNGC since 2008 and we have been making steady progress in embedding the goals as set out in the Ten Principles into our everyday business activities across the group.

In line with recommendations and at the request of the UNGC Secretariat, we integrate our communication on the UNGC principles into our sustainability reporting and corporate citizenship communication. In addition, in FY2022, we signed up to the Early Adopter Programme.

Our 2022 group sustainability report sets out the manner in which we are doing so and also gives an overview of our progress in terms of the global Sustainable Development Goals (SDGs) which came into effect at the beginning of 2016.

In keeping with the overarching spirit of the UNGC and SDGs, our aim is to strengthen the enabling environment for doing business and building markets around the world, thereby addressing the universal need for sustainable development.

Yours sincerely

Steve Binnie
